### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicants claim an optical recording material comprising a side-chain polymer liquid crystal containing, among other details, a compound according to formula 1 wherein the L group is either a carbon ring or heterocyclic. These L groups do not have substituents, which separates them from the optical recording materials of Kim et al, Takeshi et al, Shinichi and Yukio et al. which all contain multiple substitutions throughout the ring (in many cases, 4). It would not be obvious for one to alter these compounds as each of these inventors teaches the substituents to be necessary elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer R. Sadula whose telephone number is 571.272.1391. The examiner can normally be reached on Monday through Friday, 10am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark F. Huff can be reached on 571.272.1385. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
